

**GREEN
FINS**

**DO NOT USE
TOXIC SUNSCREEN**

Some chemical components in sunscreen, including **OXYBENZONE, OCTINOXATE, NANO ZINC OXIDE AND NANO TITANIUM DIOXIDE**, can have a negative impact on the environment.

**ALWAYS CHECK THE
INGREDIENTS LIST**

**DO NOT RELY ON CLAIMS
LIKE "REEF-SAFE".
THIS IS NOT BACKED BY SCIENCE.**

Only **NON-NANO zinc oxide** or **titanium dioxide** UV filters are known to have no environmental impact. Look for them in the active ingredients list.
